

Directory of Virginia Nutrient Management Certified Planners For Hire

**VA Nutrient Management Program
Division of Soil and Water Conservation
600 East Main Street, 24th Floor
Richmond, VA 23219**

Revised July 2026

Table of Contents

Directory Introduction _____	1
Certified Nutrient Management Planners for Hire _____	2
Index _____	13

Introduction

This directory contains a list of Virginia Certified Nutrient Management Planners and/or businesses employing certified planners. The planners listed in this directory have responded to our questionnaire indicating they want to be listed as active plan writers. This directory does **not** list all planners certified in Virginia, only those indicating that they wished to be listed in this document.

If you need a plan, check with your seed or fertilizer supplier(s) on a regular basis, as one resource for plan writing. A company could have a certified planner on their staff, which may not be listed in this directory, but would be more than willing to take care of any nutrient management planning needs you may have.

These Virginia Certified Nutrient Management Planners have met specific education and experience requirements, as well as having passed both parts of the Virginia Nutrient Management Examination. Meeting these requirements demonstrates the planner's knowledge and ability to competently write and assist with implementation of Nutrient Management Plans on farms in Virginia. The Department offers this directory for informational purposes only. Private certified planners are required to develop plans according to all Virginia Nutrient Management Training and Certification Regulations. However, we are not responsible for the way in which they conduct business.

There are two (2) categories of nutrient management certification: 1) Agriculture which deals primarily with traditional farming enterprises or, 2) Turf and Landscape which deals primarily with golf courses, lawns, athletic fields, public lands (parks, schools, community colleges, ornamental lands), commercial landscape (banks, office parks, church grounds), and other urban lands (common areas in gated communities, developments, and localities.) For your convenience, we have denoted on the attached list whether they are certified in agriculture, turf and landscape, or both.

Arrangements to have plans written, and discussion of fees for this service, should be made directly with the consultants or companies listed.

Stephanie Dawley currently administers the certification and training program for Agriculture and Urban temporarily until position is filled. She can be reached at the following:

Stephanie Dawley

NM Training and Certification Coordinator
Department of Conservation and Recreation
Division of Soil and Water Conservation
600 East Main Street, 24th Floor
Richmond, VA 23219
(804) 382-3911

E-Mail: stephanie.dawley@dcv.virginia.gov

Justin Lindemeyer

Urban Nutrient Management Coordinator
Department of Conservation and Recreation
Division of Soil and Water Conservation
600 East Main Street, 24th Floor
Richmond, VA 23219
(804) 513-5958

E-Mail: justin.lindemeyer@dcv.virginia.gov

Certified Nutrient Management Planners for Hire
