Additional equipment

Collar Charger $39

Reliable charging for when solar isn't sufficient. Plugs into a standard outlet and charges a battery in around 10 hours.

Extra Battery $49

Rechargeable lithium-ion battery, compatible with all sheep and goat collar models.

Neck Strap $20

Sheep / Goat Rubber strap, 6.2″. Secures and adjusts chains around the neck for optimal fit. Compatible with all Sheep / Goat chain lengths.

Extra Long Chain $10

Pair of steel chains (9″) with a swivel link. Recommended for large-sized breeds.

Do you have a shelter?

Beacon

A beacon is a Bluetooth device that turns off the fence function in the collar. The device is used inside buildings to prevent the animals from receiving sound alerts or electrical pulses when they are inside the shelter.

$22
